Section TWO

Vol. 53, No. 6

INDEX TO VOLUME 52

As you know, items in QUOTE, are arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Achievement—22-2;" tells you that an item on achievement will be found in the twenty-second issue of QUOTE under number 2.

One or more letters following an issue number, refers to material in regular departments. For Example: "Water—9-BR;" indicates that an item on that subject is in **Book Review** in issue number 9. The reference to "Adolescence—10-SB;" means that an item on that subject appears in **Scrap Book** in issue 10. The reference to "Affluence—11-b;" means that an item on that subject will be found in the regular **Good Stories** section of issue 11 under index letter b.

Quotations in the section **May We QUOTE You On That?** are also numbered consecutively. In the index, a reference such as "Air Pollution—17-6Q;" refers to a quotation on that subject in the seventeenth issue in the **May We QUOTE . . .** section. When the letter t follows the Q as in the reference "Problem—3-1Q-t;" it indicates the special **Quote-ette** feature in issue 3. A complete list of department abbreviations appears below:
